

Mission

The purpose of the school-age childcare program at Holy Family is to provide childcare for our families in a safe, well-supervised environment. The program is open to all students K-5. Children need to be 5 years old to attend childcare.

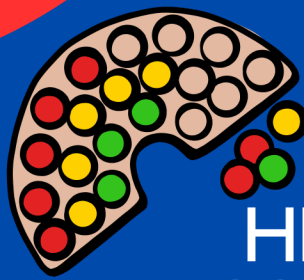

Activities

During the school year children have opportunities to play, participate in student-led and group activities, complete homework, read, create arts and crafts and build with legos. They also participate in large motor activities and free play outside and in the gym. Throughout the school year, childcare has theme activities and holiday celebrations.

During the summer, childcare participants also have opportunities to swim, participate in water activities, visit to the library and venture on field trips.

Location

The childcare program's "Home Base" is located in the lower level of HFS. Children also use the school's playground and the gym in the parish center.

HFS Childcare

"We love the activities the staff takes time to plan and do with the kids. It is a good feeling that we know our kids are being well taken care of!"

-Kayla Feldewerd, parent of HFS Childcare participants

"I have a lot of fun! I get to play with my friends. The teachers are nice, and they teach us to be nice. They let us do fun things like crafts, sledding, dancing and playing outside. They give us yummy snacks. There are fun toys like legos and puppet stands."

-Kensi Stangler, HFS student and Childcare participant
