## Arts K-12 2008

The proposed revised standards in this document were drafted during the 2007-2008 school year. These standards are currently proceeding through the administrative rulemaking process.

## **2008 Minnesota Academic Standards in the Arts**

The Minnesota Academic Standards in the Arts set the expectations for achievement in the arts for K-12 students in Minnesota. The standards are organized by grade band (K-3, 4-5, 6-8, 9-12) into four strands that foster the development of students' artistic literacy.

The strands are as follows:

1. Artistic Foundations
2. Artistic Process: Create or Make
3. Artistic Process: Perform or Present, and
4. Artistic Process: Respond or Critique.

Each strand has one or more standards that can be implemented in the arts areas of dance, media arts, music, theater and/or visual arts. The benchmarks for the standards in each arts area are designated by a 5-digit code. In reading the coding, please note that for code 0.3.1.5.2, the 0 refers to refers to the 0-3 (K-3) grade band, the 3 refers to the Artistic Process: Perform or Present strand, the 1 refers to the first (and only) standard for that strand, the 5 refers to the fifth arts area (visual arts), and the 2 refers to the second benchmark for that standard.

Students are expected to master the standards in the selected arts area(s) by the end of the last grade level in the band. For example, students are expected to master grade 6-8 standards by the end of eighth grade.

Several state statutes pertain to the new arts standards. In Minnesota, public elementary and middle schools must offer at least three and require at least two of the following four arts areas: dance, music, theater and visual arts. Public high schools must offer at least three and require at least one of the following five arts areas: dance, media arts, music, theater or visual arts. (Minnesota Statute 120B.021, subd.1)

Districts may use state or locally developed arts standards (MS 120B.021, subd. 1). State graduation requirements call for students to earn one credit in the arts (MS 120B.024). A career and technical education course may fulfill a general science, mathematics or arts credit in addition to the specified science, mathematics or arts credits under paragraph (a), clause (2), (3) or (5) of Minnesota Statute 120B.024. (See next page for complete text of Minnesota Statute 120B.024).

## **2008 Minnesota Statutes**

### **120B.024 GRADUATION REQUIREMENTS; COURSE CREDITS.**

(a) Students beginning 9th grade in the 2004-2005 school year and later must successfully complete the following high school level course credits for graduation:

(1) four credits of language arts;

(2) three credits of mathematics, encompassing at least algebra, geometry, statistics, and probability sufficient to satisfy the academic standard;

(3) three credits of science, including at least one credit in biology;

(4) three and one-half credits of social studies, encompassing at least United States history, geography, government and citizenship, world history, and economics or three credits of social studies encompassing at least United States history, geography, government and citizenship, and world history, and one-half credit of economics taught in a school's social studies, agriculture education, or business department;

(5) one credit in the arts; and

(6) a minimum of seven elective course credits.

A course credit is equivalent to a student successfully completing an academic year of study or a student mastering the applicable subject matter, as determined by the local school district.

(b) An agriculture science course may fulfill a science credit requirement in addition to the specified science credits in biology and chemistry or physics under paragraph (a), clause (3).

(c) A career and technical education course may fulfill a science, mathematics, or arts credit requirement in addition to the specified science, mathematics, or arts credits under paragraph (a), clause (2), (3), or (5).
